

Lyo-Ready PrimePath™ Probe qPCR Mix, GPR

Catalog No.
638352

Amount
100 rxns

Lot Number
2405040

Description

Lyo-Ready PrimePath Probe qPCR Mix, GPR is a general-purpose reagent that enables the user to create custom master mixes for real-time, probe-based qPCR (using the 5' nuclease method) then freeze-dry into a lyophilized master mix. The dried master mix allows for the convenience of room-temperature storage and transport.

Package Contents

- 1 ml Lyo-Ready PrimePath Probe qPCR Mix, GPR (2X)

Storage Conditions

- Store at -20°C.

Expiration Date

- DEC. 13, 2025

Shipping Conditions

- Dry ice

Product Documents

Documents for our products are available for download at takarabio.com/manuals

The following documents apply to this product:

- Lyo-Ready PrimePath Probe qPCR Mix, GPR Protocol-At-A-Glance

Quality Control Data

PCR test

Consistent and quantitative detection of the human ACTB expression was confirmed by using a serial dilution of the total cDNA as a template. There was no ACTB expression for the no-template control.

It is certified that this product meets the above specifications, as reviewed and approved by the Quality Department.
