## Shasta™ CellSelect® Software

Catalog No.	Amount	Version
650015	Each	1.0.1

### Description

The Shasta CellSelect Software analyzes cell images generated with the Shasta Single Cell System and provides the ability to proceed only with chosen wells, eliminating the noise from wells containing multiple cells or empty wells. Users can also use this software to assess cell staining for live/dead analysis in conjunction with the use of cellular dyes. If the latest version of Shasta CellSelect Software is needed (refer to Version field above), please email [field\\_support@takarabio.com](mailto:field_support@takarabio.com).

### Package Content

- 1 Shasta CellSelect Software

### Product Documents

Documents for our products are available for download at [takarabio.com/manuals](http://takarabio.com/manuals).

The following documents apply to this product:
